

Look And Feel Years Younger

Brad Sucks

Broken arm and people always trying to spend my time. (La, la, la)

Collagen injections injected right into my mind. (La, la, la)

Everything's okay I'm just trying to act my age. (La, la, la)

Everything's okay i'm just trying to act my age.

Yeah I wanna know, where the hell the days go.

Yeah I wanna know, where the hell the days go.

I wanna look and feel years younger baby.

I wanna look and feel years younger baby.

Crime scene in the mirror and it's clearer nearly every day. (La, la, la)

Plastic in my body telling me that i should smile and wave. (La, la, la)

Everything's okay I'm just trying to act my age. (La, la, la)

Everything's okay I'm just trying to act my age.

Yeah I wanna know, where the hell the days go.

Yeah I wanna know, where the hell the days go.

I wanna look and feel years younger baby.

I wanna look and feel years younger baby.

Yeah I wanna know, where the hell the days go.

Yeah I wanna know, where the hell the days go.

I wanna look and feel years younger baby.

I wanna look and feel years younger baby.

I wanna look and feel years younger baby.

I wanna look and feel years younger baby.
