

Merry Go Round

Brandon Rhyder

VERSE 1

I got drunk last night on a bottle of wine
I got to see some old friends, I haven't seen in a really long time
Ain't nothing changed, they still act all just the same
Just grown up kids, willing to do it all over again

CHORUS

Cause life ain't nothing but a Merry Go Round
Pick up a bottle, and we'll pass it around
Life ain't nothing but a merry go round
And it never, no it never, slows down

VERSE 2

Well, I get stoned some nights and I peel back the layers of life
Look into my soul to see if anybody's home, if there's any kind of light
To tell you the truth, I hate to be all alone by myself in the dark
I thought this life, was supposed to be a walk in the park

CHORUS

VERSE 3

The end of the road, is when they put you six feet in the ground
The only time in this life, you can ever get off of the merry go round
I've been here for some thirty years now I know
Give me thirty more, I want to make a little more of this show

CHORUS
