

Live to Die

Bride

I won't say we don't need guns
But I know we don't need war
I won't say that you need religion
But without a Savior there's no chance to be forgiven

I won't say there's some things you can't deny
But one thing's for sure - true love will never die

I'm not the preacher and I'm not the priest
I'm not the devil and I'm not the beast
I'm not a prophet and I'm not a witch
Live to die, die to live

I won't say that we're all damned
But this I know - we're children of the Lamb

I'm not the preacher and I'm not the priest
I'm not the devil and I'm not the beast
I'm not a prophet and I'm not a witch
Live to die, die to live

Live to die, die to live
