

# Take It All

## Bridge to Grace

This time you're lookin' around with you facin' the crown  
Seen you suck the best of me  
Too many people we know this feelin' bein' alone  
You can't chase broken memories

We can't go on, feelin' this sandy  
Just tell me somethin', tell me I can come alive

You're breakin' me down, nowhere to run, you're facin' you now  
You can't take it all  
You can't take it all

Commit to your mouth, nowhere to run, I'm takin' you out  
You can't take it all  
You can't take it all

Ten days of walkin' a road without a place to go home  
Up on my fist and to the sky  
Just tell me how does it feel, tell me it used to be real  
I shake my head and I wonder why

We can't go on, feelin' this sandy  
Just tell me somethin', tell me I can come alive

You're breakin' me down, nowhere to run, I'm facin' you now  
You can't take it all  
You can't take it all

Commit to your mouth, nowhere to run, I'm takin' you out  
You can't take it all  
You can't take it all

Can't erase me, can't save me  
You can't take it all  
You can't take it all

Can't erase me, you cannot save me  
You can't take it all  
You can't take it all  
You can't take it all  
You can't take it all
