

# Ready Or Not

**Britt Nicole**

I tried to cover my shine  
I've tried staying in the lines  
I, I, I don't wanna hide  
No, not tonight

You, you, you want me to take my light, light  
Fit it in your box, right?  
I want you to look me in the eye, eye, eye, eye

Ready or not  
Here, here, here, here I come  
I'm about to show you where the light comes from  
Oh, oh, oh ready or not  
Here, here I come  
This is who I am  
I won't hide it  
I'mma take it all over the world  
To the young, to the old, every boy and girl  
Ready or not  
Here, here I come  
I'mma show the world where the love is

I'm not ever selling out love  
A love out loud is what it's all about  
Giving everything to see the lost get found  
Yeah, it's going down

You, you, you want me to take my light, light  
Fit it in your box, right?  
I want you to look me in the eye, eye, eye, eye

Ready or not  
Here, here, here, here I come  
I'm about to show you where the light comes from  
Oh, oh, ready or not  
Here, here I come  
This is who I am  
I won't hide it  
I'mma take it all over the world  
To the young, to the old, every boy and girl  
Ready or not  
Here, here I come  
I'mma show the world where the love is

I refuse to keep this buried deep inside of me  
Yeah this little light of mine, it's time to let it shine a bit  
'Cause there's no point in hiding it  
It's everything I am  
The source of all my hope  
And it's the reason why I stand  
And I pledge allegiance to be somebody real  
There's no more holding it back  
I'm showing them how I feel 'cause love is more than a word  
It's a noun, and a verb, and hiding it is absurd  
Ya heard

Ready or not

Here, here, here, here I come  
I'm about to show you where the light comes from  
Oh, oh, ready or not  
Here, here I come  
This is who I am  
I won't hide it  
I'mma take it all over the world  
To the young, to the old, every boy and girl  
Ready or not  
Here, here I come  
I'mma show the world where the love is
