It all crumbles Everything crumbles in time Oh close friends When you have a close friend It will crumble Everything crumbles in time Oh it's so hard to get by, Without a cause Makes it hard to get by What you have What you have will crumble It's a ruin It's a ruin in me Life is just a bubble yeahiyeah It's just a bubble wowowow It's just a bubble in time Nothing lasts Nothing lasts It all crumbles Everything crumbles Oh, we spend our time, Watching days go by We just watch them pass
