You know what today is?
Of course I know what today is. It's your birthday, I bought you a gift
What
Me.
Look what I got you
Oh my God
A lil something...

My shawty called me like you know it's bout to come (come come come). I said
your friend shit let me come get some (some some some). She said your stupi
d boy I'm talkin bout my birthday (day day day). I need some good dick in th
e worst way (way way way). It's going down, No hesitation. It's time to eat,
pussy reservations. Them chocolate lips got me wanting Hersey kisses. Come
blow my candle girl, then make your birthday wishes.

It's my birthday so you know I want to hide-e-e out
I wanna stay inside with you even if it's at my-y-y house
Sip that southern oil boy don't spill it on my-y-y couch
I feel good but I want you to make me cry-y-y out
You know I want action so boy get ready
I want pleasure and passion we building steady
You so in the giving and so profounded
I'll tell you where to put your gift boy

Boy you know I-I-I
Boy you know I-I-I
I've been screaming caught up in the late night
I'm dreaming about you in me
Boy you know I-I-I
Boy you know I-I-I
I don't need candles and cake
Just need your frosting on me

You love me so sweetly so please don't hurt me
I'll tell you how I want my gift boy
