

# Incognito

Brooke Hogan

Hips runnin' runnin' hot  
Whips  
What you want I got it

He was smooth like a wave cat  
Coolin' in his ray bands  
Incognito in the back of the club  
I almost passed him  
Then I came back  
Asked him to explain that  
Who you hidin' from  
In the back of the club

He said I'm hot tonight  
Wasn't lookin' for nobody  
But you lookin' right  
Won't you take a seat  
And let me get up in your mind  
Boy you kinda turn me on  
I had to get back  
Sit back  
Then we had a chit chat

Ohohoh  
Incognito  
Away from all the people  
In the back of the club  
Ohohoh  
Incognito  
And can't nobody see you

Them hot hips  
Hot lips  
What you want  
I got it  
You got a hot chick

I was lost in the convo  
Gettin' me and I know  
We can't stay forever  
In the back of the club  
So we sped off into viper  
Damn I think I like ya  
Boy I thought i met ya  
In the back of the club

He said I'm hot tonight  
Wasn't lookin' for nobody  
But you lookin' right  
Won't you take a seat  
And let me get up in your mind  
Boy you kinda turn me on  
I had to get back  
Sit back  
Then we had a chit chat

Ohohoh

Incognito  
Away from all the people  
In the back of the club  
Ohohoh  
Incognito  
We be livin' it up  
And can't nobody see you

Them hot hips  
Hot lips  
What you want  
I got it  
You got a hot chick

All alone  
There are no other people  
Cause that's how we do  
Just you and me  
Seems like there's been no one else around us  
Since I met you  
Take me away  
To some other place  
In the back of the club  
We be livin' it up  
Away from all the people  
In the back of the club  
Incognito  
We be livin' it up  
And can't nobody see you  
Oohooohoh incognito  
Away from all the people  
Ohohoooh  
Incognito  
In the back of the club  
We be livin' it up

Them hot hips  
Hot lips  
What you want  
I got it
