

# Redemption

Brooke Hogan

They cant stop us  
They cant stop us  
They cant stop us  
They cant stop us  
They cant stop us  
They cant stop us  
They cant stop us  
They cant stop

This is my redemption  
Nothing left but to forgive you  
After all the shit thats happend  
My heart is broken my head is confused  
But I will, I will keep marchin on  
A phoenix rising up to heaven  
So I guess I'll see you around  
Its the beging a redemption

So god can you hear me  
All my people can you hear me  
All my haters can you hear me  
You cant stop me oh no no no no  
Nothing can stop me  
So dont let it stop you  
Negativity and hate have tried to take me down  
But I rise above

Like a phoenix rising  
I will rise above  
Like a poor man crying  
I'm gonna change my luck  
No one No one can tell you how to live your life  
Baby and no one no one could ever phantom all the striff  
Yea oh

So god can you hear me  
Mom and daddy can you hear me  
All my lovers can you hear me  
They couldnt stop me oh no no no no  
Oh no no no no  
Oh no no no no  
They cant stop me  
They cant stop you  
No hey

So god can you hear me  
All my people can you hear me  
All my haters can you hear me  
You cant stop me oh no no no no

Theres a light at the end of that tunnle  
With good vibrations  
The happyness, success  
Thats whats headed for you

You cant stop me now  
st-st-st-stop me now

st-st-st-stop me now  
You cant stop me now  
st-st-st-stop me now  
st-st-st-stop me now  
Yea
