

Pass Us By

Brooke Valentine

He walked right by me
I knew he was a hottie
I had to back it up
So I can go and say hi (hottie)
He had a cute little booty
My thoughts moved through me
I had to get them digits
Got to mack them up smoothly

[Pre-Hook]
And I say hey boy
You looking kinda cute
Wont you slip me them digits
On the cool
I wanna hook up with you real soon
I hope I aint to
Aggresive for you babe

[Hook]
I see you looking baby, dont be shy
Better catch me now, now, now (2x)
Don't let us pass us by (2x)

Everything is right about him
He's just my type
Ain't no slippin my pimping
Gotta lock his thang tight
Though I'm not that kinda girl
There's a first for everything
When I see something I want
You know I spoiled as can be

[Pre-Hook]
[Hook]

[Bridge]
You could be the one to marry me
A house, a dog, you can be my baby daddy

[Hook]
