Some people walk the straight and narrow - some walk the rocky road

Some get the silver spoon and some get the heavy load There's a man in a paper box he smiles whenever we walk by We just walk a little faster and say "There but for the grace of God go I"

But a little love - just a little love - a little love can chan ge it all

I've been up and down this highway and I ain't seen a road sign vet

It's a cold hard world baby you gotta hang on to what you get I don't believe in miracles but that don't mean they don't come true

Well I may not get to heaven but I get a little closer when I'm with you

But a little love - just a little love - a little love can chan ge it all

Well I get a little tired walkin' down the street

People on my side - everyone I meet

But they don't know what's on my mind

And they don't know that they might find

A little love - just a little love - a little love can change i

t all

Right when you think you don't need love is when you need it mo st

Even when you got the father the son and the holy ghost Well there's more to truth baby than what we know is true Ya we wander round in the darkness
But every now and then a little love shines thru
And a little love - just a little love - a little love can chan ge it all
