## **Broken Wings**

## **Bryan Adams**

You always say the things I can believe in Always say the things I wanna hear I believe them all - the stories short and tall I believe you, ya I believe you

You give me love
When love is all I need to live
You gave your word, when words were just superlative
When I was blind, you came and opened up my eyes
Now I feel I can believe in anything
You taught me how to fly on broken wings

You always do the things I can depend on You're always there every night and day Everytime i've fallen down - you've always been around To lift me up again To set me straight again

Sometimes I find myself on my own
And can't find the road that leads me back home
But you made believe I can do anything
Even fly on broken wings
