

# Don't Drop That Bomb on Me

Bryan Adams

We sailed our ships upon the shores  
That once were out of reach  
Turned the silence into war and bloodied up the beach  
Trashed the forests and the trees  
Til there's nothin' left to cut  
We raped the rivers and the seas and turned the land to dust  
It goes on and on  
On and on...

Does anybody know what's goin' on  
Can anybody tell me where we went wrong  
Can anyone say why wrong is right  
If we wanna little peace well we got to fight

Can anyone say things are lookin' good  
Just take a look around your neighbourhood  
The world's gone crazy

Crash-we can fight it  
Crash-we gotta try  
Crash-we can't hide it  
We gotta stop that fire

Don't drop that bomb on me  
Save that little tree  
Don't drop that bomb on me  
Save our seven seas  
Don't drop it, don't drop it  
Don't drop that bomb on me

Should every thing thing have a life to give  
Will every little child have a place to live  
Does anybody feel just a little bit scared  
Isn't it about time everybody cared  
The world's gone crazy

Crash-we can fight it  
Crash-we gotta try  
Crash-we can't hide it  
We gotta stop that fire

Don't drop that bomb on me  
Save that little tree  
Don't drop that bomb on me  
Save our seven seas  
Don't drop it, don't drop it  
Don't drop that bomb on me

If ya gonna talk that talk  
Ya gotta walk that walk  
If ya gonna fly that flag  
Ya gotta shake a leg  
Ya everybody should try  
Cause we're much too young to die
