Don't Drop That Bomb on Me

Bryan Adams

We sailed our ships upon the shores
That once were out of reach
Turned the silence into war and bloodied up the beach
Trashed the forests and the trees
Til there's nothin' left to cut
We raped the rivers and the seas and turned the land to dust
It goes on and on
On and on...

Does anybody know what's goin' on Can anybody tell me where we went wrong Can anyone say why wrong is right If we wanna little peace well we got to fight

Can anyone say things are lookin' good Just take a look around your neighbourhood The world's gone crazy

Crash-we can fight it Crash-we gotta try Crash-we can't hide it We gotta stop that fire

Don't drop that bomb on me Save that little tree Don't drop that bomb on me Save our seven seas Don't drop it, don't drop it Don't drop that bomb on me

Should every thing thing have a life to give Will every little child have a place to live Does anybody feel just a little bit scared Isn't it about time everybody cared The world's gone crazy

Crash-we can fight it Crash-we gotta try Crash-we can't hide it We gotta stop that fire

Don't drop that bomb on me Save that little tree Don't drop that bomb on me Save our seven seas Don't drop it, don't drop it Don't drop that bomb on me

If ya gonna talk that talk
Ya gotta walk that walk
If ya gonna fly that flag
Ya gotta shake a leg
Ya everybody should try
Cause we're much too young to die
