Love is so far, love is so far, love is so far
Love is so far, now love is so far, love is so far
Your love is so far, now love is so far, love is so far
Love is so far, now love is so far, love is so far
New time, new religion
Till it's over
New time, new religion
Till it's over
Livin' in the Age Of Iron
Livin' in the Age Of Iron
My body's so far, my mind's so far, my body's so far
My body's so far, my soul's so far, my body's so far
Got no place to go
Got reason to stay
Got no place to go
Got reason to stay
