

Fallen, fallen is Babylon

Brygada Kryzys

Babylon inside me
is projecting to the outside
darkness in my eye
is babylon outside
so I go to zion
to the mount mehru
I sit down on the top
take a look around and see
I tell you what
fallen, fallen is babylon
fallen, fallen is babylon
fallen, fallen is babylon
and the wall of babylon is fallen
ask the beasts and they will teach you
the birds in the air they will tell you
green plants they will teach you too
and the fish in the see will declare to you that
fallen, fallen is babylon
fallen, fallen is babylon
fallen, fallen is babylon
and the wall of babylon is fallen
love is the shelter, love is the key
love is all creation
reality is living free
love is our liberation
fallen, fallen is babylon
fallen, fallen is babylon
fallen, fallen is babylon
and the wall of babylon is fallen
