

Round N Round

Bubbles

Round n round.
Round n round.
Round n Round.

It didn't take much to fall in love
You look like the boys Ive been dreaming of
Youre driving me wild when you give me a smile
It feels so good when were together.

Spread my wings, here I go
Is it for real, well I don't know
It doesnt't't't matter what I don't wanna stop

It feels so good when were together.
Like honey to a bumble bee
Youre coming home to me.

Round and round and round I go
Round and round I wont let go
Round and round and round I know
You make me feel like the happiest girl in the world.
(2x)

What's this gonna lead to I don't know
One thing at the time I think it's best so
Spinning around can't touch the ground
It feels so good when were together.

HipHop funky talk I don't really care
As long as you need me I'll be there
Saturday nights gonna be alright
(Bridge) Feels so good when were together.
Like honey to a bumble bee
Youre coming home to me.

Round and round and round I go
Round and round I wont let go
Round and round and round I know
You make me feel like the happiest girl in the world.
(2x)

It didn't take much to fall in love
Didn't take much to know it's you Im thinking of
I love it when were together.
(2x)

Round and round and round I go
Round and round I wont let go
Round and round and round I know
You make me feel like the happiest girl in the world.
(2x)
