

My Everlasting Love

Buck Owens

It's deeper than the ocean and higher than the sky
Longer than the highways that we travel by
Truer than the stars that shine in the sky my everlastin' love
for you will never die
Well it's sweeter than the flowers that bloom in the spring
Prettier than water in a mountain stream
Brighter than the sun that shines on high my everlastin' love f
or you will never die
If you would listen to the reason you would know I'm not a teas
in'
You'll know what I say is true
You'll know I'm not a fakin' when I say my heart's a breakin'
With love I have for you
Well it's deeper than the ocean...
[steel - fiddle]
If you would listen to the reason...
Well it's deeper than the ocean...
