

# These Things

Buckcherry

I want to know the truth  
I want to hear it from you  
Tell me what to do  
Can we make it through?

It's always about  
These things  
Are killing me, they're tearing us apart  
These things  
You're telling me that this is what you want

Try and erase our mistakes  
It's time for it all to change  
I will try and prove  
That I'm the one for you

It's always about  
These things  
Are killing me, they're tearing us apart  
These things  
You're telling me that this is what you want

Everything you said I erased from my mind  
Now I'm crying all the year  
If I could only find an escape I would try  
Because I feel I'm being used  
These things

How could I relate when we don't take the time  
I just want to be with you  
I will keep you safe but there's no way to hide  
The truth

It's always about  
These things  
Are killing me, they're tearing us apart  
These things  
You're telling me that this is what you want

(These things)  
Everything you said I erased from my mind  
Now I'm crying all the year  
If I could only find an escape I would try  
Because I feel I'm being used  
These things...
