

Whiskey, Beer & Wine

Buddy Guy

Written on the door
That bucket of blood
Staying open 'til 4
Ain't hard to find
A great big neon sign
There' I tell you three things
Whiskey, beer, and wine

Hardwood bar
Rickety stool
Cigarette machine
Selling Camels and Kools
You can solve your problems
One drink at a time
You can fix anything over
Whiskey, beer, and wine

Dirty little fire room
Kept the lights down low
Icing down the long necks
'Til they as nice and cold
Oh you can sit down an order
A bottle of waste your mind
Three ways we get high
Whiskey, beer, and wine

Corner booth in the back
Well they have the dice
Sit down at a table
Shoot craps all night
Like in the good ol days
Drink your troubles good bye
You can solve your problems
One drink at a time
You can fix anything over
Whiskey, beer, and wine
