

Heaven in Your Eyes

Budgie

I stand back and look at your angel face
I don't believe I'm beholding you
I get hot just thinking about your face
I'm wrapped up, I feel your spell every time girl

Heaven in your eyes, heaven in your eyes
Heaven in your eyes, heaven in your eyes

So relaxed but turbulent currents flow
In and out of euphoria
I can't wait to have you around again
To let you know I adore you
Every time I see that...

Heaven in your eyes, heaven in your eyes
Heaven in your eyes, heaven in your eyes
Heaven in your eyes, heaven in your eyes
Heaven in your eyes, heaven in your eyes

I stand back and look at your angel face
I don't believe I'm beholding you
I get hot just thinking about your face
I'm wrapped up, I feel it, feel it

Heaven in your eyes, heaven in your eyes
Heaven in your eyes, heaven in your eyes
Heaven in your eyes, heaven in your eyes
Heaven in your eyes, heaven in your eyes
