

# Enemy

Buffalo Tom

Enemy, all over my body  
She's wrapped up  
She's wrapped up in alcohol  
She's wrapped up  
She's wrapped up in caffeine  
She's my enemy  
She's my enemy  
She's my enemy  
She's my enemy

I woke up, she was painting the lattice  
She can't see through her mother's magnets  
She can't see, she breathes electricity  
She's my enemy  
She is my enemy  
She's my enemy  
She's my enemy  
She's my enemy  
She's my enemy, enemy, enemy, enemy, enemy  
She's my enemy, enemy

I woke up, she was painting the lattice  
She can't see through her mother's magnets  
She can't see, she breathes electricity  
She's my enemy  
She is my enemy  
She's my enemy  
She's my enemy  
She's my enemy  
She's my enemy, enemy, enemy, enemy, enemy  
She's my enemy, enemy, enemy, enemy, enemy  
She's my enemy, enemy, enemy, enemy  
She's my enemy, yeah
