My Fist, Your Mouth, Her Scars

Bullet For My Valentine

Bleed, when you thought you knew Do you hear me shout?! Bleeding through my head, my heart, my eyes! To come home

What I'm thinking now When I take you out We can hold these thoughts I have of you till it comes!

There's no more ways to tell you I want to fuck you now. With every ounce of anger In turn we know you're going down.

But now it's over, I'm calmer her crimson flowing down like water, I saw her as she hit the ground Now it's over, I'm calmer her crimson flowing down like water, I saw her as she hit the ground

Bruise, when I tear you up Have I gone too far? What about my fist, your mouth, her scars! (To Come Home)

What I'm thinking now When I stumble down We can never say that you are gone till it comes!

There's no more ways to show you I just can't take no more The thought of me inside you Just makes me sick, you're going down!

But now it's over, I'm calmer her crimson flowing down like water, I saw her as she hit the ground Now, It's over, I'm calmer Her crimson flowing down, like water I saw her as she hit the ground!

Hate, when you thought you knew Do you hear me shout!? Bleeding through my head, my heart, my eyes! To come home

What I'm thinking now Will I take you out We can hold these thoughts I have of you till it comes

There's no more ways to show you I just can't take no more The thought of me inside you Just makes me sick you're going down.

There's no more ways to show you

I wanna fuck you now. With every ounce of anger In turn we know you're going down!
