

# Lose It All

## BulletProof Messenger

You gotta scream out or no one will hear you  
The takedown is closer with every step  
I know now to sit and listen  
Something tells me  
To take in the meaningful moments  
And forget the pain that soon will pass  
In these years I've changed it all to  
Make it better  
But you ignore all my pain I know my life's not in vain  
You will realize when tomorrow I come back I'm saying  
You take me so far away  
But I don't want to be saved by you 'cause  
I can't lose it  
You treat my life like a game  
But I don't need to be saved by you 'cause  
I won't lose it all  
Won't lose it all

It's been a long time since I can remember  
The sunshine you need to surrender now  
The bright lights they start to dim  
The show is over  
So fold now the dealer is holding  
A full house your timing is everything  
But right now you make a move  
'Cause you're not hiding  
You see my life stays the same  
All the things that you say  
Will not break me 'cause tomorrow I'll come back I'm saying  
You take me so far away  
But I don't want to be saved by you 'cause  
I can't lose it  
You treat my life like a game  
But I don't need to be saved by you 'cause  
I won't lose it all

You think you've got it all  
I think you're miserable  
You think it's wonderful to  
Break me make me hate me  
You think I start it all  
I think it's time you fall  
You think it's wonderful to  
Break me make me hate me  
You take me so far away  
But I don't want to be saved by you 'cause  
I can't lose it  
You treat my life like a game  
But I don't need to be saved by you 'cause  
I won't lose it  
You take me so far away  
But I don't want to be saved by you 'cause  
I can't lose it  
You treat my life like a game  
But I don't need to be saved by you 'cause  
I won't lose it all  
Won't lose it all
