

Harmony Of Death

Burden Of Life

This decision makes me crawl
Though it makes me yawn for more
As it sends me through a track
Full of traps and ways to die

Ridiculous it seems
For you for the rest not for me
May I ask you one last question
When did you lose your sense for sanity?

Every note
You play to me
Carefully
Cuts my throat

While I try to stand my ground
You sing the Harmony Of Death
It makes me crumble watch me fall
Watch me how I learn to decompose

Every note
You play to me
Carefully
Cuts my throat

Every note
You play to me
Carefully
Cuts my throat

Every note
You play to me
Carefully
Cuts my throat
