

# Shipwrecked in Atlantis

Busted

I heard you say that it's over now  
You held my hand as the plane went down  
We both passed out but we came around  
Our heads were buried in the ground

We were half dead but half alive  
A miracle we both survived  
Washed up on a shore in a yellow raft  
We cried until we laughed  
Is this an island no one's ever been?  
I've seen it in a magazine

It keeps getting better  
Since we both crash landed, stay here forever  
Shipwrecked in Atlantis  
Such beautiful weather  
It's almost like we planned it, how did we ever  
End up shipwrecked in Atlantis?

Having the best time of our lives  
Dining with salt bae every night  
A piece of Heaven in every bite  
Then throwing it up on water slides  
The sunset slowly fades away (Away)  
Forget about the fact that we can't pay

It keeps getting better  
Since we both crash landed, stay here forever  
Shipwrecked in Atlantis  
Such beautiful weather  
It's almost like we planned it, how did we ever  
End up shipwrecked in Atlantis?

Although this place is very nice  
The food is kinda overpriced  
Why does this chicken taste like fish?  
Or is it just a vegan dish?

It keeps getting better  
Since we both crash landed, stay here forever  
Shipwrecked in Atlantis  
Such beautiful weather  
It's almost like we planned it, how did we ever  
End up shipwrecked in Atlantis?  
I'll never forget this  
Shipwrecked in Atlantis  
(I hope it never ends)  
I'll never forget this  
(I hope it never ends, I hope it never ends)  
Shipwrecked in Atlantis  
(I hope it never ends)  
(I hope it never ends)  
It keeps getting better  
(I hope it never ends)  
Since we both crash landed, stay here forever  
(I hope it never ends, I hope it never ends)  
Shipwrecked in Atlantis

(I hope it never ends)  
Beautiful weather  
(I hope it never ends)  
It's almost like we planned it, how did we ever

End up shipwrecked in Atlantis?  
(I hope it never ends)
