

Can I Come Home?

Canned Heat

Baby, can I please come home?
Baby, can I please come home?
I can work it out baby, didn't wanna do you no harm
First you hurt me, baby, then I gotta get hurt you
Oh yes, you hurt me, then baby, I gotta hurt you
Gotta see in my face, little girl my love is true

Listen to me baby, hear the words I say
Oh, won't you listen to me baby, hear the words I say
I need your love baby, more than night and day

Baby, can I please come home?
Baby, can I please come home?
Yes, you know I love you baby, I will never do you wrong!
