

John Lee Hooker Boogie

Canned Heat

"Keep myself together
I want you top listen to this
'Cause we're in a war
You got to fight to stay in it though
You got the stuff
You gotta be strong
You gotta do your thing"

John Lee Hooker sure was a friend of mine
John Lee Hooker sure was a friend of mine
He could shake a boogie he could do it all the time

He was born in Mississippi baby, when did you try
Took a country beat take it up and work to make a boogie, and m
ake a boogie
Shake your boogie baby you can rock house all night long

Now I like to boogie and you do to
people it's the way to do
Shake that thing, shake that thing
Shake your boogie you can rock house all night long

"Let that boy boogie-woogie"

John Lee Hooker sure was a friend of mine
John Lee Hooker sure was a friend of mine
He could shake a boogie he could do it all the time

You can boogie in the morning you can boogie at night
John Lee knew the thing's all right
And don't forget to boogie
And we don't we forget to boogie

Shake your boogie you can rock house all night long
