

She Split

Canned Heat

Don't know why she left me
Don't know where she went
Lookin' for my baby
I'm broke, what a bash it's been
'Cause she split
Yeah, she split
Packed her suitcase, now my baby's gone

When she left this mornin'
She packed her suitcase tight
Told my pretty baby
She didn't treat me right

'Cause she split
Yeah, she split
Packed her suitcase, now my baby's gone

Went down to my buddy's
Knocked on his front door
Asked him 'bout my baby
She ain't here no more
'Cause she split
Yeah, she split
Packed her suitcase, now my baby's gone

Sell my pretty Cadillac
Get me a lot of bread
Find my pretty baby
Bust her in the head

Oh, she split
Yeah, she split
Packed her suitcase, now my baby's gone

Don't know why she left me
Don't know where she went
I'm lookin' for my baby
I'm broke, what a bash it's been

'Cause she split
Yeah, she split
Packed her suitcase, now my baby's gone

Packed her suitcase, now my baby's gone
Packed her suitcase, now my baby's gone
