

I Am

Canton Jones

[Rap:]

I am nothing without Jehovah
Try to hide it but it's obvious like a comb over
Nah baby, can't do it, can't take them chances
Life is more to me than smoking and drinkin, exotic dances yeah
Get plugged in, Jesus is the bright light
Make your colors show kinda like a light bright
Ready set go, push the button
With God I can do all things
Without him, absolutely nothing, nothing

[Chorus:]

You are I AM and I am cause You Are [x2]
I Am, You Are, You Are, I Am
You Are, You Are, I AM

[Rap:]

Yo, It's K-J to the 5 T, W, double E-Z-I-E
That's who I be, so when to find me
You got to show him all the time
Kinda like it's I.D.
Cause He's the one who gave my peace
So get the blood transfusion like it's I.V.
Show I can show him off
Kind of now in High D
Efinition what I mention really got me IRIE
So what I speak is for the cause of Him
Stand out like the hair on Kate Goselyn
He paid the cost of men, for the cost of sin
It's finished, take the towel, you can toss it in
He got knocked out of Friday like it's Debo
And came back to win it all, Tim Tebow
We need to line up, it's kinda like a free throw
Sign up for the service like it's Tivo

[Chorus]

[Rap:]

We are not strong cause sin deceived us
We are wimpy kids, we got the cheese touch
And the only one who can free us is Jesus
That's why He gets the credit just like some visas
Into His love I crash just like some cymbals
I am goin in just like a dimple
He is so complex, I am so simple
He sort of like an iPad, I am a kindle
My weather forecast is always the same
Cause every single day, Jesus Christ reigns
And the sun shines, He's sort of like a nine
Aimed at my head, yeah the Lord blows my mind
There is no match, nobody's on par
You're like my phone company, You gave me these bars
I walk among lions like Belteshazzar
I am what I am because of who You are Superstar

[Chorus]

[Outro:]

I am nothing without You
You put super on my natural
Oh and every trial, every test
I win every battle and conquest
