[Verse:]

Excuse me Mr. me n my wife was n front of the line dear sir.  
I don't think it's right if I allow you to skip me  
I just wanna keep peace  
Get some tickets to the movie  
I'm tryna be discrete sir, it's really not deep sir  
We all goin get a seat sir and we all goin eat sir  
So please can you calm down  
(Honmie put your arm down man)  
I dont want a showdown ,but it's bout to go down (here we go)  
It's a nice night y we just can't act right?  
Just because I'm Christ like, doesn't mean I'm nice like  
I'm goin be the bigger man and let you bump me cus it's 8 of ya'll and ya'll

And have me lookin crazy and all in front of my company man  
I'm not goin play the fool  
Chillin is the right move  
Let me think I got a choice to make  
Go to jail, go to hell or stay saved Baby put the mase away

[Chorus:]

I'm a stay saved ain't goin start fussin  
I'm a stay saved ain't goin start cussin  
I'm a stay saved even though I'm hot as fire I'm goin love you anyhow  
I'm a stay saved ain't goin start fussin  
I'm a stay saved ain't goin start cussin  
I'm a stay saved even though I'm hot as fire I'm goin love you anyhow

Gater shoes and vested up if I go back I'll be late and  
Ma'am if you could just give me a refund that will be so great  
(What you bout to go on break?)  
Can I get my money first  
You ain't gotta get loud and miss you ain't gotta curse  
Can I see the manager before this thing gets any worse  
(Oh you the manager) well I don't want this sandwich though  
I don't want the money either I just think I'll walk away
