

Someday

Captain Tractor

Someday
I will lay me down
Someday
I'll find the sacred ground
And I will not cave in
Until that place I find
And then I'll shout it from the rooftops
Like a lunatic that's found his mind
Someday
You will see me fly
Someday
I will be the sky
And I will not cave in
Until I find my wings
Then I'll fly high above the rooftops
I won't give a damn about a thing

Ref:
And if you loved me I would be alright
And if you loved me I could live through another night

Someday
I will wear you down
Someday
You'll let me hang around
And I will not cave in
Until you shout my name
Then I'll look out upon the rooftops
Like a lunatic and do the same
