

# It's No Wonder I Love Him

Carlene Carter

Poets have a way with words  
Turn my tears to diamonds  
Every phrase the right one  
It's no wonder why I love him  
I have waited all my life  
Those tables took their time turnin'  
My heart is forever burnin'  
It's no wonder why I love him

It's sweetness, it's hit and miss  
It's fever every time we kiss  
It's heartache, he makes me shake  
But, oh, what a way to go

Poets have a way with words  
All mistakes made for wisdom  
That's the way he sees them  
It's no wonder why I love him  
Why I love him  
Why I love him

"Take me" were his only words  
"Turn my tears to diamonds  
Make me the right one"  
It's no wonder why I love him ...
