

Stand Up

Carman

Stand up make a joyful noise
Stand up here today
Stand up make a joyful noise
Stand up give Him praise

He is the only One
He is the King
He is the only One
He's everything
He is the only One
I wanna sing
Now, now, now, now, now, now, now, now
Stand Up and give Him praise.

I can't keep it to myself,
I wanna shout.
I can't keep it to myself,
I gotta let this praise come out.
I've been released, from sins of my past
Taken away from my conscience at last,
Free at last.
