

At times I don't understand the answer when it's right in front
of me

Acceptance is all you want, not cries of sympathy

You don't even know, You don't even know
What it is that you've been running from
I guess it's hard to show, harder to control
I don't even know what you're thinking anymore

I can see everything you want to say
It's written on your face
Devotion is all you want to see in me
Darling, please don't let me down
I'm not really trying to drown

You don't even know , You don't even know
What it is that you've been running from
Guess it's hard to show, harder to control
I don't even know what you're thinking anymore
I'd scoop you up with an eagle's perfection
My prey; my love, we'd soar skies of temptation
If you could only know, maybe we could go home
