

Let's Go

Cartel

Let me reintroduce myself
As a man with a cause
I've had a lot of time to think
And look at who we are
And I've got nothing left to say
But we've got to carry on
And I've got so much left to do
But I'll start with this song

Why do they lie?
Why can't you see?
Get up everybody
Stand up with me

Let's Go! Everybody!
Let's Go! Tell 'em we're coming
Let's Go! Everybody!
Let's Go! Stand up with me!
Let's Go!
Take the world with me

You've got something on your mind
But you get in your way
Don't tell us tomorrow
You better buy change today
All we have is who we are
And all we know is pretending
You gotta think of something real
Save a life worth spending

Why do they lie?
Why can't you see?
Get up everybody
Stand up with me

Let's Go! Everybody!
Let's Go! Tell 'em we're coming
Let's Go! Everybody!
Let's Go! Stand up with me!
Let's Go!
Take the world with me

So if you've got a torch to carry
Hold it high!
Take the world with me
Let it burn, let it burn, let it light up the sky!

Stand up! Yeah, let's go
Stand up! You've gotta let them know
Stand up! You've gotta make them see
Get up people! Stand up with me!

Let's Go! Everybody!
Let's Go! Tell 'em we're coming!
Let's Go! Everybody!
Let's Go! So I'll sing..
Let's Go! Everybody!

Let's Go! Tell 'em we're coming!
Let's Go! Everybody!
C'mon everybody, stand up with me!
So let's go! Take the world with me!
Let's go! Let's go!
