Cash Cash

Girl I really want to get you fast
Girl I really want to get you fast
Wanna get you fast

G-g-get you get you

Girl I really want to get you fast
Wanna get you fast

So I can give it to you
My body's in a rush
You had me at hello
Baby let's take it fast so I can give it to you slow
Real slow
The sun will never catch us
Just bring your body close
Baby lets take it fast so I can give it to you slow
Real slow (y-yeah) (oh oh oh)

Girl I really want to get you fast
So I can give it to you
Girl I really want to get you fast, get you fast
Girl I really want to get you fast, get you, get you
Girl I really want to get you fast, want to get you fast
Girl I really want to get you fast,

So I can give it to you slow, so I can give it to you slow
My body's in a rush
You had me at hello
Baby let's take it fast so I can give it to you slow
Real slow
And the sun will never catch us
jJust bring your body close
Baby lets take it fast so I can give it to you slow
