

# The Mad Hatter

## Cast

It's not what it seems, I'm certain of that  
Now I know for sure  
And I've seen many things that bring it all back  
You bring it back once more

Chorus:

Just give me time, time, time, time, time (Just give me some)  
Time, time, time, time, time (Just give me some)  
Time, time, time, time, time (Just give me some)  
Time, time, time, time, time

(Musical Interlude)

It's not what you say, the words that you use  
It's every move that you make  
There are many jokes, that keep me amused  
But no one laughs that way

Chorus:

(Musical Interlude)

Every face I see, the look is the same  
But no one knows for sure  
But one thing that I know, is all that you take  
You give it back and more

Chorus:

Time, time, time, time, time (Just give me some)  
Time, time, time, time, time (Just give me some)  
Time, time, time, time, time (Just give me some)  
Time, time, time, time, time  
Give me some, give me some,  
Just give me some, give me some, give me some time...  
Give me some...
