

Forgive Me

Casualties of Cool

Lord, keep these mouths from longing
Keep, these walls from falling
I put my time in plenty
Provide for my family
(Have I been Remiss)
Oh, have I, have I been remiss
(Have I been remiss)
Oh, Have I, have I been
Have I been remiss
Her heart is coolin' on me
We comfort through our baby
He's walking, talking... ??
What am I to my family
Lord, have I been
Have I been remiss
And we've lived behind walls
That have made us alone
Searching for peace
Is there maybe a home
How in the world
Is another one gone
Out in the world
Are we going down down down
Lord, Keep these wheels a turnin
Keep, these roads from burnin
I put my time in family
Have mercy, forgive me
So trip the path i'm meeting
Its all I know to give them
Whisper a prayer in tatters
And hold in man
And we've lived behind walls
That have made us alone
Searching for peace
Is there maybe a home
How in the world
Is another one gone
Out in the world
Down Down Down
