Buried thoughts and stolen freedom The absorbed struggle of the human race This killing

Tool in this reign of control All the miseries of this rotten l ife In blood their baptised with

Poisoned words Truth once so pure has been deleted And all curs e of history has been

Neglected This killing tool in this reign of control Victims be come the worst enemies

Their Lords and kings are now the weak The power of today's mas s media have an destructive

Impact on our modern society. Manipulated headlines are being u sed as deadly weapons

In warfare and propaganda is one of the leading forces of this war machinery. The abuse

Of mass media to manipulate the opinions of millions of people is growing dramatic and is
