## **Baby Tonight**

## **Changing Faces**

Come closer, listen to me Baby I'm sure, I've got just what you need You want me hmmm, and I want you just the same And I'm not gonna stop, until you call my name I could be

I could be yours, and you could be mine You can be my baby tonight And if it feels good, and if it feels right You can be my baby tonight

Let's not waste precious time, hmmm Just say the words, and I'll make you mine oh Lay me down, and stroke my body Baby take your time, make love to me Do you mind

Do you mind, if I stroke you up and down Make you feel, like you've never felt before Open up, let me give you more Let me be, your baby tonight

I could be yours, and you could be mine You can be my baby tonight And if it feels good, and if it feels right You can be my baby tonight

You can be my, you can be my You can be my baby tonight

You can be my, you can be my You can be my baby tonight

You can be my, you can be my You can be my baby tonight

You can be my, you can be my You can be my baby tonight
