

Fourteen's all about being free
And that's what I told people
What I am is free
Even though I'm in love

So I'll play in the woods with you
So I'll play in the woods with you
So I'll run through the river with you
So I'll run through the river with you
So I'll climb that tree with you
So I'll climb that tree with you
So I'll take that bicycle with you and I'll weave through the town

'Cause that's the kinda thing that people do when they are in love
'Cause they've got their own little song playin' on repeat in their heart
Some people's go (you ready)
Shooby do do, oh wop bop do do

Mine goes something like this (listen close)
'Cause I love you
(love, love, love, love)
(love, love, love, love)
(love, love, love, love)

You can drop me down, pick me up again
If you promise you'll catch me any day
You can listen to my songs anyway
'Cause I know you won't laugh (ha!)

You can wear matching clothes and
Dance along to the radio whilst
We walk back to your house along the main road
And you can drag me 'round, save me in my golden pump shoes

'Cause that's the kinda thing that people do when they are in love
'Cause they've got their own little song playin' on repeat in their heart
Some people's go
Shooby do, oh wop bop do do

Mine goes something like this
'Cause I love you

'Cause that's the kinda thing that people do when they are in love
'Cause they've got their own little song playin' on repeat in their heart
Some people's go (yeah)
Shooby do do, oh wop bop do do

Mine goes something like this (yeah)
'Cause I love you (yeah)
(love, love, love, love)
(love, love, love, love)
(love, love, love, love)
(love, love, love, love)
(love, love, love, love)

About fourteen
All about bein' free

Try to make myself not right then
But I'd have to be dumb
Try to make myself right then if I had to be dumb
