

## Moments in Love

Charli XCX

I just wanna get high with my best friend  
Kiss her on my tongue just like I'm your boyfriend  
I just wanna get high with my best friend  
Kiss her on my tongue just like I'm your boyfriend

On a roller coaster, this shit is super ultra  
So bright like we're flying through the supernova

I just wanna get high with my best friend  
Kiss her on my tongue just like I'm your boyfriend
