

# Come For Me

Charlie Hall

Jesus come take me away  
I long to see your face  
And this world is broken yet beautifully made  
Jesus come take me away.

Jesus I'll patiently wait  
Until like a vapour I'll fade  
Help me fulfill all your dreams for these days  
Jesus I'll patiently wait.

And you'll come again with a shout  
Like a thief in the night  
You'll come riding on clouds  
Finally the voice I had followed for life  
Has a glorious face that is lit up with light!

And you'll come for me  
No more pain - peace  
No more fear - release  
Just lost and consumed with my glorious king.

Jesus today I am tired  
And I need your music to come and inspire  
And I'd give myself to be refined in this fire  
But Jesus today I'm so tired.

And you'll come for me  
Come for me  
Come for me  
Come for me  
Come for me...
