

Song Of The Redeemed

Charlie Hall

We sing it in the darkest place
Cause love is in Your powerful name
Shine the light of beauty and grace
We're living in the name that can save

We sing to You the song of the redeemed
You've beautified our hearts and made us clean
You've rescued us from death and set us free
We sing to You the song of the redeemed

We adore You and before You,
forgiven and redeemed
All races from all places,
Around the cross we sing
