

Your Glory Endures Forever

Charlie Hall

You ride on wings of wind; you are beginning and the end
Mountains melting in Your flame, Creation pulsing out
Your name

You are forever, You are forever

Your glory endures forever; Your beauty outshines the
Heavens
And we will declare Your wonders, your splendor, your
Majesty

Earth rotating in your hand, Galaxies in your command
You make and sustain the breath of man, Your deeds go on
Forever

You are Forever, You are forever, You are forever, You
Are forever
You are Forever, You are forever

Glory and honour and praise, glory and honour and praise,
Glory and honour and praise.
