

Your House

Charlie Straight

I'd like to move into your world,
I'd be your man and you my girl
I hope your door is never shut.

You're in my blood, please understand,
I fell in love, you're my best friend,
I can't pretend, I don't know why.

Don't know why, I wanna cry.

Goodbye goodbye, my tears don't lie,
can't help the feeling that you're gone.
Goodbye goodbye, when you're beside me,
it feels so sad though I know I'm wrong.
Goodbye goodbye, Goodbye goodbye.

I will love you 'till I die.

With you I'll share all time and space.
With you I'm everything...(everything)
Let's make a bed out in the rain.

You're my refrain, I see your face
You are my sunshine in everything
in everything again.

Goodbye goodbye, my tears don't lie,
can't help the feeling that you're gone.
Goodbye goodbye, when you're beside me,
it feels so sad though I know I'm wrong.
Goodbye goodbye, Goodbye goodbye.

I will love you 'till I die.
