

Four Letter Word

Cheap Trick

I got a one track mind
I got a twisted heart
I need a lesson in love
I'm right on time
For tonight's the night
I need your love
Ooh yeah

Caught in the act
Had no alibi
No reason why I let you down
Stabbed in the back
Though it hurt I let you go
Will you take me back
What was right or wrong

It's alright to put the blame on me
For after all blame it on my last affair
It's alright, it takes two to make it love
Love can be just a four letter word
A four letter word

Got a one track mind
Got a twisted heart
Need a lesson in love
I'm right on time
For tonight's the night
I need your love

Day turns to night
I was wrong an' you were right
I felt Mr. Hyde not the D.J.
Sometimes I'm not myself
Must be somebody else
To jeopardize your love
What went wrong or why?

It's alright to put the blame on me
For after all blame it on my last affair
It's alright, it takes two to make it love
Love can be just a four letter word

Got a one track mind
Got a twisted heart
Need a lesson in love
