

# Heart on the Line

Cheap Trick

Mama never told me there'd be days like this  
It all started out with a little kiss  
One thing led to another, temperature was hot  
My heart was on the line, I was workin' overtime  
Then along came a beat, still I don't know why

(Try to remember) my heart was on the line  
(Try to remember) it was the very first time  
(Try to remember) my heart was on the line  
(Try to remember)

Sittin' in the middle of a traffic jam  
My heart's playin' bumper-pool--silly game  
One thing led to another, then I took a shot  
My heart was on the line, I was workin' overtime  
With my balls in my pocket, will I ever be the same?

(Try to remember) my heart was on the line  
(Try to remember) it was the very first time  
(Try to remember) my heart was on the line  
(Try to remember)

Mama never told me there'd be days like this  
It all started out with a little kiss  
I didn't to know I'd meet girls like you  
Guess I got a lot to learn, yeah, yeah, yeah

Don't just hide, I wanna try it  
Even if you don't have a clue!  
Take your best shot, then bring it to the top  
And it won't take long, give it all you got, yeah!

One thing led to another, then I took a shot  
My heart was on the line, I was workin' overtime  
Then along came a beat, knocked me off my feet

(Try to remember) my heart was on the line  
(Try to remember) it was the very first time  
(Try to remember) my heart was on the line  
(Try to remember)
