

My Gang

Cheap Trick

Have you changed your world?
You changed your view
'Cause what you see is all black and blue

Bad on the left, brown on the right
Nothin' seems to fit on a New York night
Have you heard the news?
Are you talkin' to me?
I said "Hey there, baby, do you like what you see?"

Read about it, it never fails
We don't doubt it, it's in the mail

So you wanna be in my gang
You'd better think it through
Yea, you wanna be in my gang
You have to pay your dues
We sleep at night on a bed of nails
All I know, baby's got some thrill

White on the left, black on the right
Nothing seems to fit on a New York night
Have you heard the news?
Are you talking to me?
I said "Hey there, baby, do you like what you see?"

Read about it, it never fails
We don't doubt it, it's in the mail

So you wanna be in my gang
You'd better think it through
Yea, you wanna be in my gang
You got to pay your dues
Yea, you pay the bill, pay the price, pay the pipe bill, brown disguise
If you wanna be in my gang
If you wanna be in my gang

Change your world
Change your view
But tap it now to make it blue
If you think the one you chose
You've just been swayin' between the windows

Read about it, it never fails
We don't doubt it, it's in the mail

So you wanna be in my gang
You'd better think it through
Yea, you wanna be in my gang
You got to pay your dues
Yea, you play the bill, pay the price, pay the pipe bill, brown disguise
If you wanna be in my gang
If you wanna be in my gang
If you wanna be in my gang
